

## SCHEDULE OF FEES

### Investment Service Activities

### for economic operators and private persons

Effective from: 26<sup>th</sup> of March 2024

#### General terms

This Schedule of Fees contains the general fees charged by CIB Bank Zrt. (1024 Budapest, Petrezselyem street 2-8, hereinafter: CIB Bank) in the framework of its investment services and the services supplementary to them.

CIB Bank reserves the right to establish the fees of specific contracts individually in line with their particular quantitative and qualitative features. The fees thus established – in the absence of an express written agreement with the customer to the contrary – may not, however, be higher than the fees listed below. The list does not contain the fees for services that are provided on the basis of individual contracts (e.g. for advisory services) that are subject to separate, case-by-case agreement. In the course of providing its investment services, CIB Bank may employ agents (“collaborators”), to which/whom it shall pay a fee in line with the conditions set forth in § 61 of the Investment Services Act (“Bszt.”) and/or from which/whom it shall receive a fee in line with the conditions set forth in § 61 of the Bszt. The Bank provides information on collaborator fees through a public announcement (“Notice”). The Notice is posted on the [www.cib.hu](http://www.cib.hu) and [www.ebroker.hu](http://www.ebroker.hu) websites. CIB Bank reserves the right to unilaterally change individual items, one or more parts, or even the whole of the Schedule of Fees. The fees specified herein are stated net of any applicable value added tax.

For the purposes of this Schedule of fees all Clients who are not natural persons are considered to be economic operators, and all natural persons are considered to be private persons. Where the Schedule of fees does not indicate it separately, the fees apply to both economic operators and private persons.

This Schedule of Fees is published in Hungarian and English. In case of any differences in the contents of the two versions, the Hungarian version shall prevail.

In the case of dealing fees specified as a percentage, the amount of the fee is determined as the given percentage of the deal price, in the currency of issue of the instrument.

CIB Bank debits the incurred fees, costs and commissions at the time of execution of the transaction, except for the following:

- (i) securities portfolio fee payable on the securities recorded on the investment account and on the long-term investment account, and the annual account management fee for the pension presavings account: these are due on the first bank working day of the last week of the quarter;
- (ii) securities portfolio fee payable on the securities recorded on the pension presavings account: this is due on the last bank working day of the quarter concerned;
- (iii) monthly fee for real-time data provision service: this is due on the last day of the month concerned;
- (iv) monthly account management fee for the investment Client Account: this is due on the first bank working day of the month concerned.

<b>I. Account management fees</b>
