Otherwise, the amount of the payment/transfer shall be reduced by the fee set out in the List of Conditions in force at the time.

3. In addition to the commissions related to foreign exchange transactions performed on the Client's bank account, the bank account of the Client or the Initiator of the foreign exchange transaction – as agreed by the Parties – will be charged with any incidental expenses related to the transactions performed (e.g. postal or DHL costs), and with the costs and commissions justifiably charged by the bank(s) involved in the execution of the transaction. (This also includes, in the case of outgoing FCY payments to destination countries that use the IBAN international bank account number format, the fee of approx. EUR 5-15, charged by the foreign bank if the beneficiary's account number was indicated incorrectly, or indicated in non-IBAN format, on the payment order.) In case of transfers outside the EEA, if the Client undertakes to pay all the costs associated with the transfer, he must ensure the availability of sufficient funds to cover such costs. The precise extent of such costs differs from bank to bank. The HUF equivalent of FCY transfer commissions and (e.g. SWIFT) costs are debited at the time of execution, and any justifiably charged cost and commission claims of banks, financial institutions or other institutions involved in the arrangement of the transaction (e.g. additional fees charged in respect of transfers that require manual processing by them) are debited as and when they arise. These costs can arise in both outbound and inbound foreign currency transfers and can therefore be debited. Transfer orders submitted on a transfer order form are accepted by CIB Bank only on a special foreign currency transfer order form.
4. CIB Bank's sell/buy foreign exchange rate valid on the date of debiting the account is applied to calculate the amount of orders submitted in a currency different from that of the account debited.

(Single Euro Payments Area): a payment instrument for sending and receiving payments in Euro, using unified standards and rules, a common European payment tools in the European Economic Area. 5. In the case of foreign exchange transfer orders with a beneficiary who keeps their account with a financial service provider established outside the EEA, if the account holder doesn't agree to pay the foreign bank charges, the transferred amount could be credited to the bank account of the beneficiary reduced by any arising intermediary bank charges, which differ from bank to bank.

From the day following the termination of the loan agreement or the Client's debtor (co-debtor) legal relationship or of his/her legal relationship as holder of the loan-repayment account to which the discount applies, the ING FED account-management fee discount shall terminate, and the then-prevailing standard terms and conditions of the CIB 'Kártyázó' Minimum Account Package specified in this List of Conditions shall apply to the bank account. The Bank concludes a separate discount agreement with the customers with respect to the use of the discount.
