<sup>11</sup> Calculation of the foreign currency exchange rate difference: depending on the direction of the order, the difference of the foreign currency mid-rate and the buy/sell rate quoted by CIB Bank. The 50% discount is deducted from the foreign currency exchange rate difference calculated as above. Depending on the direction of the order, the discount is added to the CIB foreign currency buy rate and deducted from the CIB foreign currency sell rate. The Bank completes the Client's orders pertaining to transfers between the Client's own accounts requiring conversion, to be performed by applying a foreign currency exchange rate at the discounted exchange rate thus calculated.

<sup>12</sup> Besides the commission related to the given transaction, the Principal's bank account is debited with the costs and commissions lawfully charged by Magyar Posta Zrt. that arise in connection with the executed transaction, and which are debited at the time they arise. An exception is Magyar Posta's fee charged for each money order, which is debited from the forint account at the same time as the transfer, and the payment-order's postal production fee, which is charged to the forint account at the start of the month following the month of performance together with the account management fee.

<sup>13</sup> In case of Bank Account Agreement signed before 23.10.2023, the first paper bank statement for each month is always free of charge. In case of Bank Account Agreement signed after 23.10.2023, if the Customer requests the paper statement to be sent by post, the fee for sending the paper statement by post will be charged.

<sup>14</sup> In addition to the commission payable on foreign currency transactions involving the Client's Bank Account, any out-of-pocket expenses (e.g. postal charges, DHL courier charges, etc.) related to the executed transactions, as well as any justified fees and commissions incurred due to the involvement of an intermediary bank or banks may – as chosen by the Parties – be charged either to the Client or to the Originator of the foreign currency transaction. (These include, in the case of outgoing foreign-currency payments to destination countries that use the IBAN international bank account number format, the fee charged by the foreign bank if the beneficiary's IBAN-format account number was indicated erroneously on, or omitted from, the payment order.) In case of transfers outside the EEA, if the Client agrees to pay all the fees and charges associated with the transfer, the Client must ensure that sufficient funds are available on the designated account to cover such costs. The precise amounts of the fees and charges differ from bank to bank. Upon fulfilment, the HUF value of the foreign currency transfer fees and costs (e.g. SWIFT), as well as any justified fees and commission incurred due to the involvement of an intermediary bank/banks, financial or other institutions (e.g. surcharge of manual processed transfers), are charged to the Client as and when they arise. These costs can arise in both outbound and inbound foreign currency transfers and can therefore be debited. Transfer orders submitted on a transfer order form are accepted by CIB Bank only on a special foreign currency transfer order form.

<sup>15</sup> CIB Bank's sell/buy foreign exchange rate valid on the date of debiting the account is applied to calculate the amount of orders submitted in a currency different from that of the account debited.
